

Annual Report on Mining Activities for Tier 2 Permits or Licences*

The information in this form is required under regulation 39 of the Crown Minerals (Minerals Other than Petroleum) Regulations 2007 for those undertaking mining activities under a Tier 2 mining permit or licence.

* This form also applies to Tier 1 permits or licences for an underground mine under regulation 38 where the annual royalty payable by the permit holder for the minerals obtained under the permit is less than or equal to \$50,000.

The permit holder must supply the information required in this form to New Zealand Petroleum & Minerals no later than 31 March following the end of each calendar year in which the permit was in force.

The personal information you must include in this form is needed to process your application under the Act. You have the right under the Privacy Act 2020 and/or the Official Information Act 1982 to access information held about you by New Zealand Petroleum & Minerals and request that this information be corrected if necessary.

The information you provide in this form may be used for regulatory compliance or enforcement purposes according to the Ministry of Business Innovation and Employment's **Transparency Statement**.

Permit holder legal name and address	Permit type	_____	
	Permit number	_____	
	Reporting period	From	_____
		To	_____
	Operation name	_____	
	New Zealand Business Number (NZBN)	_____	
Quarry	<input type="checkbox"/> Yes	<input type="checkbox"/> No	

1: MINING PRODUCTION

All minerals listed in the permit must be included in this section.

	Mineral	Quantity	Unit*
Production (Mineral 1)	_____	_____	_____
Production (Mineral 2)	_____	_____	_____
Production (Mineral 3)	_____	_____	_____
	Quantity	Unit	
Overburden	_____	_____	

Ore/coal/gold-bearing gravels mined†		
Material processed		
Ore/coal stockpiled		

* Gold = troy ounces, coal = tonnes, quarries = tonnes

† Ore and coal should be in tonnes and gold bearing gravels in cubic metres

If no production, must state why.	
If awaiting resource consent or access arrangement from Department of Conservation the consent application numbers must be provided	

If minimum production as required by the permit's work programme has not been met, why not?

2: FORECAST PRODUCTION

	Mineral	Quantity	Unit*
Production (Mineral 1)			
Production (Mineral 2)			
Production (Mineral 3)			
	Quantity	Unit	
Overburden			
Ore/coal mined†			
Material processed			
Ore/coal stockpiled			

* Gold = troy ounces, coal = tonnes, quarries = tonnes

† Ore and coal should be in tonnes and gold bearing gravels in cubic metres

If no production, must state why.	
If minimum production as required by the permit's work programme is not forecast to be met, why not?	

3: PLANNED MINING ACTIVITIES (EXCLUDING HOBBY OR RECREATIONAL OPERATIONS)

In accordance with regulation 39(4), the chief executive request that mining permit holders for all mining permits excluding permits with hobby or recreation operations (as defined in Schedule 1 of the Minerals Programme for Minerals (Excluding Petroleum) 2013) must provide the following:

- a summary of the mining and processing methods proposed to be employed at the mine in the next calendar year
- the proposed location, extent, and direction of mining and time period within which operations will take place in the next calendar year, including appropriate maps and plans necessary to enable a sound understanding of the proposed operations

Attach the summary plans and maps

Attached Yes

Summary of the mining and processing methods

4: RESOURCES, RESERVES AND TOTAL IN-GROUND RESOURCES (COAL ONLY)

Resources are to include reserves.

Resources and reserves do not need to be reported in accordance with a recognised resource classification code.

Total in-ground resources: This is the permit holder's estimate of the total in-ground mineral resource within the permit area, irrespective of the reporting and classification limitations of any resource reporting or classification code. This is not just a sum of the resources reported in accordance with a recognised reporting code

5: OTHER ACTIVITIES – INCLUDING PROSPECTING AND EXPLORATION WORK

Please report any other activities undertaken in the permit/licence.

6: EXPENDITURE FOR THE REPORTING PERIOD ON PROSPECTING AND EXPLORATION*

Prospecting and Exploration expenditure	
Data compilation	\$
Mapping	\$
Geochemical sampling	\$
Geophysics	\$
Drilling	\$
Appraisal (resource estimations and mine studies)	\$
Total Prospecting and Exploration	\$
Other Expenditure	
Consenting	\$
Administration	\$
Total Other Expenditure	\$
Total Expenditure	\$

7: IWI ENGAGEMENT REPORT (TIER 1 ONLY)

Section 33C of the Crown Minerals Act 1991 states that every holder of a Tier 1 permit must provide to the Minister an annual report of the holder's engagement with iwi and hapu whose rohe includes some or all of the permit area or who otherwise may be directly affected by the permit.

The report should also note any engagement with or notification to iwi or hapu that has taken place as a requirements of any other legislation.

Attach the Iwi engagement report or provide in the space below.

Attached Yes

8: DECLARATION

I declare that any information provided in this submission is true and correct to the best of my knowledge and that I am authorised to make this submission on behalf of the permit holder.

NZP&M is a branch of the New Zealand Ministry of Business, Innovation and Employment. We manage New Zealand's Crown Mineral Estate. Our aim is to maximise the gains to New Zealand's economy from development of these resources, a key component to the government's Business Growth Agenda. To support this aim we endeavour to educate and inform New Zealanders, including consultation with indigenous stakeholders and local government.
