Title	Author	Paper
Keynote Address		
The Opening of the 1994 New Zealand Petroleum Conference	D Kidd	 [245 kB PDF]
The changing world petroleum market; resources, reserves and production	P R Odell	 [651 kB PDF]
Aspects of Labours Energy Policy	P Hodgson	 [311 kB PDF]
Kupe - a dove in search of an olive tree	R Hutchinson	 [3.9 MB PDF]
Fletcher challenge and New Zealand's Oil and Gas Industry	H A Fletcher	 [271 kB PDF]

[Top](#)

Title	Author	Paper
Energy Industry		
The New Zealand energy scene now and post Maui	M Lear	 [525 kB PDF]
Opportunities in New Zealand for the Petroleum Industry	C Scanlon	 [367 kB PDF]
Regulatory Regime for the Gas Sector	A Smith	 [357 kB PDF]

Deregulation from the gas utility's perspective	A E Hammond	 [350 kB PDF]
Gas in electricity generation	K Devine	 [502 kB PDF]
Developments in the deregulation downstream gas industry	R J Bentley	 [314 kB PDF]
Energy market opportunities post Maui	G Saha	 [314 kB PDF]
The petrochemical industry in New Zealand	S Peko	 [2 MB PDF]
Changing efficiencies in petroleum energy use in New Zealand	A J Ellis	 [653 kB PDF]

Title	Author	Paper
Exploration and Petroleum Potential		
History and future trends for exploration in the East Coast basin	D Frances	 [74 kB PDF]
Mid and late Cretaceous basin development, East Coast basin, New Zealand	M G Laird	 [2.4 kB PDF]
Reservoir potential of Miocene Sandstones, Southern East Coast	M Wilkinson	 [1.3 MB PDF]
Source rock potential of the South Wanganui basin	L S Murphy	 [1.2 MB PDF]
Petroleum potential of the South Wanganui basin	T L Thompson	 [3.4 MB PDF]
Basin modelling improves prospectivity of Northland basin, New Zealand	G Cable	 [100 kB PDF]
Beyond Taranaki - is the next Maui field west of Northland?	R H Herzer	 [73 kB PDF]

Title	Author	Poster
Geology and Geophysics		
Structural zoning offshore the East Coast basin North Island, New Zealand	C Uruski	 [2 MB PDF]
Synthetic modelling of seismic reflections from Miocene sands, onshore Taranaki	D J Woodward	 [1.2 MB PDF]
Structural development of the Waihapa field	B A Sissons	 [66 kB PDF]
Moki Formation, a miocene reservoir sequence, its facies' distribution and source in offshore Southern Taranaki basin	JF de Bock	 [1.6 MB PDF]
Basin inversion and de-inversion: fault reactivation in the Taranaki basin, New Zealand	GP Thrasher	 [56 kB PDF]
Calibration of paleobathymetry indicators by integrated seismic and paleontological analysis of foreset sequences, Taranaki Basin.	M P Crundwell	 [2.1 MB PDF]
Calcareous nannofossils as geological microchips	A R Edwards	 [65 kB PDF]
The habitat of oil and gas in the Taranaki basin, New Zealand	P King	 [5.3 kB PDF]
The post Maui challenge; Pre-Neogene frontier play concepts, Taranaki Basins	GP Thrasher	 [107 kB PDF]
Remarks on 3D survey design as applied to Ngahere (PML 38141), Onshore Taranaki.	I Wylie	 [923 kB PDF]

Seismic interpretation, gravity modelling and petroleum potential of the southern Lord Howe Rise region	H Zhu	 [1.2 MB PDF]
Intergration of state of the art wireline reservoir management: Maui field, New Zealand	T Fett	 [1.3 MB PDF]
Seismic interpretation of the Moki formation on the Maui 3D survey, Taranaki basin	M R Bussell	 [1.6 MB PDF]

Title	Author	Paper
Petroleum Geology		
Integration geological reservoir modelling of the Maui field, Taranaki basin, New Zealand	I D Bryant	 [2.3 MB PDF]
Late Meteoric flushing and timing of hydrocarbon entrapment in the Kupe south field	K R Martin	 [392 kB PDF]
Thermal state, thermal modelling and hydrocarbon generation in the Taranaki basin, New Zealand	P A Armstrong	 [1.7 MB PDF]
A reappraisal of the organic geochemical implications for oil generation in the Taranaki basin	S D Killops	 [1.2 MB PDF]
Disparate hydrocarbon generation potential and maturation profiles of Pakawau Group source coals: implications for Taranaki basin exploration	A A Bal	 [1.4 MB PDF]

[Top](#)

Title	Author	Paper
Geochemistry		
Geochemistry of oils and source rocks of the East Coast Basin and implications for the Taranaki basin, New Zealand	A P Murray	 [1.7 MB PDF]
Biomarker geochemistry of seep oils and potential hydrocarbon source rocks from the northern East Coast basin, New Zealand	K M Roger	 [717 kB PDF]
The isotopic and chemical composition of natural gases from the South Island	G L Lyon	 [727 kB PDF]
Variations in source potential and maturation of New Zealand coals, based on relationships between conventional coal chemistry, Rock-eval pyrolysis and GCMS biomarkers	J Newman	 [1.2 MB PDF]

Title	Author	Paper
Environment		
The New Zealand coastal policy statement and petroleum exploration	I Stewart	 [283 MB PDF]

Environmental management approaches for the Kupe South development	H Goff	 [334 kB PDF]
Onshore petroleum development in Taranaki over the past decade- a local authority and community perspective	D E Walter	 [628 kB PDF]
An environmental code of practice for the New Zealand petroleum industry: Is one needed?	D C Stickley	 [475 kB PDF]
The greenhouse effect and the Resource Management Act, as related to oil and gas exploration and production	R W Plume	 [677 kB PDF]
Cost effective environmental management	JRP Clarke	 [248 kB PDF]
