

Conference Proceedings 2006

[Keynote addresses](#)

[International Exploration Outlook](#)

[Domestic Energy Outlook](#)

[Infrastructure - Getting Gas to Market](#)

[Basin Scale Exploration](#)

[Field Developments and Production](#)

[Geophysics/Geochemistry](#)

[Non-Conventional Gas](#)

[CO₂ Sequestration](#)

[Legal and Regulatory Issues](#)

[Closing](#)

[Poster Papers](#)

To view or print PDF files you will require PDF viewing software: [Adobe Acrobat Reader](#).

Title	Author	Paper	Presentation
Keynote addresses			
New Zealand's exploration outlook	Hon. H. Duynhoven		 38 kB PDF
The US perspective: energy and petroleum exploration investment in New Zealand	Ambassador McCormick		 27 kB PDF
Short and long run influences for the petroleum industry	B. Evans		 78 kB PDF
Energy in 2006 - a rough ride ahead	M. Simmons		 2.2 MB PDF
Meeting the energy challenge - an international operator's perspective	G. Banister		 982 kB PDF

Title	Author	Paper	Presentation
International Exploration Outlook			
Asia exploration highlights	P. Baillie and others	 799 kB PDF	 9.6 MB PDF
Where are the elephants - a global review of significant prospects which may be drilled in 2005-2007	I. Cross		 1.5 MB PDF
Australian exploration overview: federal and state initiatives	B. Robinson	 14.1 MB PDF	 603 kB PDF

Title	Author	Paper	Presentation

Domestic Energy Outlook			
Future of indigenous gas supplies: implications for thermal electricity generation	D. Carroll		 924 kB PDF
The market for New Zealand oil	R. Hale	 1.3 MB PDF	 204 kB PDF
New Zealand's primary fuel options	Hon. D. Parker		 28 kB PDF
New Zealand energy - in the balance	C. Stone		 173 kB PDF

Title	Author	Paper	Presentation
Infrastructure - Getting Gas to Market			
Vulnerabilities within the New Zealand gas market	RJ Hooper and G. Eng	 873 kB PDF	 1.0 MB PDF
Infrastructure investment perspectives	A. Knight		 1.0 MB PDF

Title	Author	Paper	Presentation
Basin Scale Exploration			
The Kupe Field subsurface development plan	DP Anthony and others	 9.9 MB PDF	
Pohokura: first gas 2006	M. Hendrikse		 1.7 MB PDF
Update on exploration activities and Maari Field development plan	S. Hounsell		 823 kB PDF
Hydraulic fracturing with oil-based fluids	K. Seanard		 3.9 MB PDF
Development overview, Tui area, Taranaki Basin	CC Stewart	 3.8 MB PDF	 10.9 MB PDF

Title	Author	Paper	Presentation
Field Developments and Production			
Exploration - refining the search	R. Banks		[3.3 MB PDF]
Geological structure of the forearc basin in central Hawke's Bay, eastern North Island	K. Bland	 36.7 MB PDF	
Transpressional structures in Western Southland basins	JM Beggs and F Ghisetti	 11.5 MB PDF	
Modern analogues for North Taranaki Mio-Pliocene depositional systems	JM Beggs and others	 16.3 MB PDF	
Petroleum systems in New Zealand basins: an analogue approach	H. Doust	 3.9 MB PDF	
Hydrocarbon systems associated with Superior's 1942 SFL-1 natural gas discovery, Kumara, Westland, New Zealand	TR Haskell and others	 9.6 MB PDF	 5.7 MB PDF
Pogo New Zealand's 3D seismic: new standards & structural/stratigraphic insights in the Taranaki basin	CR Cohen, G Morton and others	 8 MB PDF	
The plate tectonic and stratigraphic evolution of SE Australia, New Zealand and Antarctica: implications for petroleum systems	MS Norvick	 2.0 MB PDF	 5.6 MB PDF
Basin analysis: evaluation of depositional systems	H. Posamentier		 48.7 MB PDF

Global overview of tertiary deepwater foldbelts: passive vs active margin systems	HS Sumner and others	 301 kB PDF	 29.4 MB PDF
Cordillera Zealandia, the Sisters Shear Zone and their influence on the early development of the Great South Basin	A. Tulloch and others	 14.2 MB PDF	 6.9 MB PDF
Sedimentary systems of northwest New Zealand	CI Uruski	 8.9 MB PDF	 9.8 MB PDF

Title	Author	Paper	Presentation
Geophysics/Geochemistry			
Spectral decomposition, spectral broadening and high-resolution inversion	JP Castagna	 202 kB PDF	 4.3 MB PDF
Slip slidin' away: implications of velocity anisotropy on depth imaging of seismic data	D. Lawton	 13.0 MB PDF	 7.8 MB PDF
Synergies between high-end seismic acquisition and processing technologies - how to plan for success	AS Long	 13.6 MB PDF	 1.7 MB PDF
Finding and modelling oil sweetspots in New Zealand's coaly source rock systems	R. Sykes	 59 kB PDF	 1.6 MB PDF

Title	Author	Paper	Presentation
Non-Conventional Gas			
Gas hydrates on the continental margins of the South Island	A. Gorman and others	 664 kB PDF	 15.6 MB PDF
Commercialisation of South Island coal seam gas	D. Manhire		 747 kB PDF
Cracking the CSG code with the three Rs: reasoned, rigorous and responsive development	TA Moore and G. Twombly	 15.7 MB PDF	 309 kB PDF

Title	Author	Paper	Presentation
CO ₂ Sequestration			
Occurrence of CO ₂ and natural gas: origin and characteristics	MM Cassidy and CJ Ballentine	 5.3 MB PDF	
Geosequestration: its role in a sustainable future for New Zealand gas resources	D. Darby	 51 kB PDF	5.0 MB PDF
Geosequestration of CO ₂ : a key strategy for the sustainability of the energy industries	JG Kaldi and PJ Cook	 2.8 MB PDF	 4.7 MB PDF

Title	Author	Paper	Presentation
Legal and Regulatory Issues			
Taxation issues for the upstream industry	H. Pancha	 598 kB PDF	 118 kB PDF
Fiscal initiatives	S. Smith and G. Nightingale	 504 kB PDF	 21 kB PDF
Compliance: effectively managing your permit obligations	J. Dixon		 2.7 MB PDF
A history of petroleum litigation in New Zealand: the lessons to be learned	J. Willis		

The Resource Management Act 1991: enabling new infrastructure development?	J. Winchester	 [283 kB PDF]	 [52 kB PDF]
--	---------------	--	---

Title	Author	Paper	Presentation
Closing			
From 2006 - the way forward	H. Weake		 [330 kB PDF]
From 2006 - the way forward	M. Sheridan		 [153 kB PDF]
From 2006 - the way forward	L. Kelly		 [36 kB PDF]

Title	Author	Paper	Presentation
Poster Papers			
Outcrop-based investigation of thin siltstone beds in basin-floor fan deposits and their impact on reservoir flow	M. Arnot and others	 [49 kB PDF]	 [6.2 MB PDF]
Petroleum system analysis in an inverted basin a case study within the Taranaki Basin (New Zealand)	L. Benchilla and others		 [1.1 MB PDF]
A highly dynamic depositional model for the late Miocene Mount Messenger interval in Taranaki Basin	M. Crundwell and others	 [33 kB PDF]	 [2.8 MB PDF]
Gas hydrate "sweet spots" on the Hikurangi Margin, from recently acquired multi-channel seismic data	GJ Crutchley and others	 [3.0 MB PDF]	
Reservoir plays of the East Coast region	BD Field and others	 [13.1 MB PDF]	 [12.8 MB PDF]
Sequence stratigraphy and architectural elements of the Giant Foresets formation, northern Taranaki basin, New Zealand	RJ Hansen and PJJ Kamp	 [4.1 MB PDF]	
A natural analogue study for geosequestration, Kapuni Field, Taranaki Basin	K. Higgs and others	 [53 kB PDF]	 [13.3 MB PDF]
How good a source rock is the Waipawa (Black Shale) Formation beyond the East Coast basin? An outcrop-based case study from Northland	CJ Hollis and others	 [890 kB PDF]	 [36.7 MB PDF]
Possible evidence for earliest Miocene rapid tectonic oscillations on eastern Taranaki basin margin	S. Hood and others	 [36.7 MB PDF]	
Neogene plate tectonic reconstructions and geodynamics of North Island sedimentary basins - implications for the petroleum systems	PJJ Kamp and KP Furlong	 [9.4 MB PDF]	
Depositional systems from within New Zealand	P. King and others	 [57 kB PDF]	[8.6 MB PDF]
First results of a new Taranaki Basin seismic facies mapping project: an example from around the Kupe field	B. Leitner		 [19.8 MB PDF]
Tubular carbonate concretions as hydrocarbon migration pathways? Examples from North Island, New Zealand	SL Nyman and others	 [18.3 MB PDF]	
Kupe gas project – resource consents	K. Oldham and others	 [21.9 MB PDF]	
Organic chemical signatures of New Zealand carbonate concretions and calcite fracture fills as potential fluid migration indicators	MJ Pearson and CS Nelson	 [3.2 MB PDF]	

Reworked coals in basin floor fans - a potential oil source in the North Taranaki Graben?	M. Webster and Geotech		[357 kB PDF]
Seismic mapping of the Late Cretaceous-Early Cenozoic foundering and regional marine onlap of the Challenger plateau	H. Zhu and others	 [26.6 MB PDF]	 [4.6 MB PDF]
